202A.430 Form of advance directive for mental health treatment.

An advance directive for mental health treatment shall be in substantially the following form:

"Advance directive for mental health treatment

I, ___________, willfully and voluntarily execute this advance directive for mental health treatment. I want the instructions in this advance directive to be followed as described below.

Designated surrogate

___I am naming a surrogate to see that my instructions for mental health treatment are carried out.

___I am not naming a surrogate to see that my instructions for mental health treatment are carried out.

I designate ____________ to act as my surrogate. If this person withdraws or is unwilling to act on my behalf, or if I revoke that person's authority to act as my surrogate, I designate ____________ to act as my alternate surrogate.

If I do not designate a surrogate, if my surrogate and alternate surrogate withdraw or are unwilling to act on my behalf, or if I revoke their authority to act, then the health care provider and health care facility may proceed to render treatment in accordance with my instructions as described here and in accordance with standards for mental and physical health care.

The person acting as my surrogate is authorized to act in accordance with the content of this advance directive and may override the advance directive if, and only if, there is substantial medical evidence that failing to do so would result in harm to me. If my instructions and preferences are not stated in the advance directive, the surrogate may act in good faith in making treatment decisions in the manner in which the surrogate believes I would act.

Psychotropic medication provisions

I may indicate below any refusals of treatment with specific psychotropic medications, not to include an entire class of medications, due to factors that may include but are not limited to lack of efficacy, known drug sensitivity, or experience of adverse reaction:

I specifically do not consent and do not authorize my surrogate to consent to the administration of the following medications or their respective brand-name or generic equivalents for the reasons given:

Below are my instructions regarding electroconvulsive therapy (ECT):
_____I consent to electroconvulsive therapy (ECT) if it is deemed clinically appropriate to treat my condition.
_____I do not consent to electroconvulsive therapy (ECT).

Preferred procedures for emergency interventions
I may state preferences for procedures for emergency interventions to be used when necessary for my protection or the protection of others. I understand that I am requesting consideration of my preferences for procedures for emergency interventions but that my surrogate, my health care provider, and the health care facility where I am a patient are not subject to civil liability for not abiding by these preferences.
